

Lion's Letter

January 2018

Educating and Developing the Whole Person for the Glory of God!

Dear TCA Families,

We want to begin the NEW YEAR by thanking everyone for their support and love shown to the TCA Family and Staff during the past year. We also look forward to the new year with great anticipation and excitement! May we all acknowledge the Lord and trust HIM as we begin 2018!

Thanks to Kristie Weber, Jeanette urbanowicz, and everyone who helped with the outstanding Christmas Program. The students' performance was again a huge success! I would also like to thank the TCA Family for the Christmas cards, gifts, and generous love offering. They were very much appreciated.

As we start another year, we will continue to provide our students with an education that will develop and prepare them for a successful future, while at the same time glorifying God.

We are excited about the future of TCA and what God has planned for us! **You** are a very important part of our success. We ask that you continue to pray for TCA and for:

- the faculty and staff.
- the families and the lives of our students.
- the upcoming events and activities.
- the spring fundraising activities and events.
- the planning and enrollment for next school year.

May God continue to bless us as we work together for His Glory!

In Christ,

Shelby McKee,
TCA Principal
